What were your favourite subjects when you were at school?

My favourite subjects at school were Maths, Music and Geography. I really enjoy listening to a range of different music and playing the piano. I have always found the natural world so interesting. I really enjoyed learning about volcanos!

What is your favourite subject to teach?

I really enjoy teaching all subjects, but if I had to pick one it would be Art. I think that the creative subjects are great fun for both me and the children, the artwork they produce never fails to amaze me.

What is your favourite book and why?

The Magic Faraway Tree by Enid Blyton. I have so many happy memories about this book, and I love all the magical lands the characters would go and explore.

What do you like best about teaching at Staplehurst?

The best part of teaching at Staplehurst is the children! Every day is an exciting journey and I enjoy seeing the children's smiles. Plus, they always seem to be able to put a big smile on my face.

What did you want to be when you were younger?

When I was in primary school, I decided that I wanted to be a teacher. I had so many great teachers who inspired me to help future generations to achieve their dreams. Through hard work and dedication, I was able to achieve my dream.

What hobbies do you enjoy?

I enjoy playing the piano as it allows for me to relax and make lots of noise! I also love playing video games with my partner and family. I am the undefeated champion at Mario Kart, which is an achievement I wear with pride!

What three words would describe you?

Kind, helpful and enthusiastic.

If you were on a desert island what two things would you take with you?

First would have to be my pet cat, Tails. He would be great company so I wouldn't get lonely. Then I think I would take a camera so I could take lots of pictures of all my fun adventures on the island.
