What were your favourite subjects when you were at school?

I loved studying English and History because I love stories. In History you get to learn the incredible stories of people who lived in the past and in English you get to read and talk about amazing stories.

What is your favourite subject to teach?

This changes from day to day! It is whatever lesson gets my class the most excited that day and we have the most fun exploring together. It could be coding a game in Computing, testing out parachutes in Science or investigating cubed numbers in Maths or something entirely different!

What is your favourite book and why?

Difficult to choose! I do love a fantasy novel where the characters explore a magical world full of danger and excitement. When I was younger, I loved The Lion, the Witch and the Wardrobe, The Hobbit and The Wizard of Earthsea. Now there are still so many amazing authors writing incredible fantasy novels for younger readers such as SF Said and Abi Elphinstone that I enjoy sharing with my classes.

What do you like best about teaching at Staplehurst?

A tricky question to answer since I have only just started here. I have been teaching for 12 years in South London, but I am so happy to be teaching in Kent as this is where I grew up! I am originally from West Malling and I am glad to be back in Kent.

What did you want to be when you were younger?

I wanted to be a writer and write my own stories. Maybe one day I will! However, I am very happy to be teaching as I get to work with lots of wonderful children and explore and learn about so many different things.

What hobbies do you enjoy?

I love playing all sorts of games. Currently my favourite board game is Ticket to Ride (you get to build rail tracks across different countries) my favourite card game is Taco, Cat, Goat, Cheese, Pizza (It is chaos!) and my favourite video game is Mario Karts (I am very competitive!)

What three words would describe you?

Fun, kind and enthusiastic

If you were on a desert island what two things would you take with you?

A Kindle with lots of books on and an ice cream van with unlimited ice creams.

Photographs of the classroom area.
