

English

Kensuke's Kingdom by Michael Morpurgo

By reading, interpreting and understanding the text we will be:

Writing diary entries using cohesive devices.

Practising use of main clauses and subordinate clauses to expand sentences.

Writing setting descriptions using relative clauses to add extra information.

History

By answering the question 'Which medical discovery or innovation was the most important?' the children will develop their:

Knowledge of a variety of different medical discoveries and innovations from prehistoric times to modern day.

Understanding of how these discoveries affected life expectancy.

Knowledge of the history of the NHS.

P.E.

This term the children will be learning about dynamic balance and improving their skills by:

- Developing dynamic balance
- Practicing balance on a line
- Developing counter balances with a partner.

DT

This term we will be learning about how to make a savory dish, using the skill of kneading, blending and rubbing ingredients together. Children will also consider and understand the importance of food hygiene.

School Value: Independence

We will be learning about the importance of independence in our learning and how we can learn to manage ourselves and be creative, critical and reflective thinkers.

Where Children Come First

PHSE

This term we will be considering what we should do in accidents and how we can safely help. Children will learn about basic first aid for small injuries, how to behave if you witness an accident and how to safely deal with an emergency.

Music

In Music, we will look at composing and chords—using percussion and tuned instruments to play along with songs we have learnt to sing.

French

Je me Présenté (Presenting myself)

The children will learn how to introduce and give key information about themselves.

Maths

Our focus in Maths this term is Multiplication and Division. We will be looking at:

Multiplication and Division methods

- Short multiplication
- Long multiplication
- Short division.

Fractions

Multiplying fractions by integers.

Computing

This term we will be continuing to use Purple Mash to learn how to use spreadsheets. We will use 2Calculate to input data and create formulae. We will be working using the medium of desktop computers.

Religious Education

This term we are answering the question 'How do people make ethical decisions?'

We will look at and discuss how we know if we are good, whether decisions are the right or wrong decisions and how we know.

Science

This term we are learning about properties of materials, focusing on:

How are different properties useful?

Which materials are good thermal conductors?

Can materials have more than one property?
